

Make It Happen has been “making it happen” for P & G Construction for over 8 years. Throughout this period we have had a wonderful relationship of harmonious business and timeous deadlines being met, the standard of which is admirable. The rapport between management has always been an exceptional one.

Make It Happen assists P & G Construction behind the scenes to ensure that our projects run efficiently and that there is clear communication between all parties involved to guarantee that we keep our promises and meet the standards we set. Make It Happen has been project managing for P & G Construction in many of our kitchen and BICs projects and we intend to continue this affiliation with future endeavors. Make It Happen is an integral part of our customer satisfaction and is an asset to any project they provide their services to.
